

PwC's Employee Service Platform: Pre-Boarding Solution

Reinventing HR through seamless and effective innovation

PwC's Employee Service Platform: Pre-Boarding Solution, *powered by* Salesforce, guides newly hired employees through an intuitive and seamless pre-boarding process. New hires can quickly and easily complete all required tasks and activities in preparation for day one on the job while HR managers can track their progress in real-time, creating a painless and effective pre-boarding experience. This accelerator is built on the Lightning Bolt framework.

Solution benefits

- Upon accepting an offer in ESP, new hires are automatically sent an email to register for pre-boarding.
- New hires follow a guided journey to update any personal information, qualifications, and experience.
- New hires can download, complete, and upload any forms that are required prior to day one on the job.
